expanding our impact

DSAF Mission Partner Opportunities
definition of a star  

[stahr] noun
A: a natural luminous body visible in the sky especially at night
B: an often star-shaped ornament or medal worn as a badge of honor, authority, or rank
C: a performer in the most prominent or important role

dsaF definition: A person with Down syndrome glowing with success, wearing their badge of Down syndrome with pride, and living out their most prominent role as a vital, active, valued, and loved member of the community.

a message from the president

“I knew when my son, Ethan, was in the NICU 13 years ago that a lot of the information that I researched and received about Down syndrome was not the most current or up to date. The information limited what the expectations of our kids with Down syndrome should be, and my husband and I wanted more for him. I’m proud to say that the Down Syndrome Association for Families of Nebraska (DSAF) has been a driving force in Nebraska over the past decade for providing positive, current, and accurate resources for individuals and families. DSAF helps improve the lives of people with Down syndrome and builds support and relationships throughout our community.

Every person with Down syndrome deserves to feel like a star. When they are involved in DSAF, everything from our logo to our programming reflects the star inside each of us.

Thank you for helping people with Down syndrome succeed. Thank you for helping them shoot for the stars.

WOW does the future look bright!

Liz Echternkamp
DSAF Board President
What is Down Syndrome?

Down syndrome is a genetic condition that is usually caused by an extra copy of the twenty-first chromosome. While it is the most common genetic condition and there are some common characteristics and physical traits, every individual with Down syndrome is unique.

Down syndrome occurs when an individual has a full or partial copy of chromosome 21.

6,000 babies are born with Down syndrome each year in the United States.

400,000 families have a connection to Down syndrome.

People with Down syndrome are significantly predisposed to certain medical conditions including congenital heart defects, sleep apnea, and Alzheimer’s disease. There is also evidence of an increased risk of celiac disease, autism, childhood leukemia and seizures.

Down syndrome is the leading cause of intellectual and developmental delays, which are typically mild to moderate.

But most importantly, people with Down syndrome are individuals with unique qualities and bright futures that deserve to be celebrated.
DSAF is more than just an association. It is a place of belonging and hope. It is a positive vision for the future. It is where stars are born.
Since the start of DSAF 25 years ago, every dollar raised has gone to three primary focus areas of the organization: connecting, supporting, and engaging the Down syndrome community.

**We Connect:** DSAF builds a sense of community and creates safe and meaningful opportunities for families to network and support one another through large and small group events like the age-appropriate Lil’ STARS, Super STARS, and Teen/Young Adult STARS enrichment activities, Parent/ Moms/Dads Night Outs, and Siblings Connect. Five large-group community events are also hosted each year like the Summer Swim Party, Night at the Lincoln Children’s Museum, and Trip to the Pumpkin Patch.

**We Support:** New parent support is critical for parents of a child with Down syndrome. Upon receiving a diagnosis, new parents find a helping hand extended through DSAF’s First-Call Parent Support Program and New Parent Brunches. After birth, New Baby Welcome Baskets are a life-changing gift distributed to parents reminding them that their child is, first and foremost, their baby. Finally, local doctors, nurses, and teachers are provided with training and accurate and positive information and literature regarding Down syndrome by the Medical Outreach team.

**We Engage:** DSAF fosters supportive and inclusive relationships with local schools, medical offices, businesses, and other allies through community engagement efforts led by DSAF staff, board, and volunteers. All are invited to participate in the annual Step Up for Down Syndrome Walk and World Down Syndrome Day celebrations. These two events are the Capital City’s largest Down syndrome awareness and advocacy events with nearly 2,000 people in attendance between the two events. The Down Syndrome Community Connections quarterly newsletter, DSAF Ed. Series, and Circles® Curriculum are examples of educational opportunities which provide inspiration, tailored resources, and training for parents and community-members to help them best support their friend or loved one with Down syndrome.

“Early on, we contacted DSAF for support. It has been amazing to receive the support from other families and to see these families happy and flourishing.”

-Jen Vancura, Parent
mission partner opportunities

You are important to us. Therefore, we have expanded the number of opportunities and ways you can help advance the mission to better reflect the year-round nature of our work. Because DSAF is more than just a Walk.

We invite YOU to be a star.
Will you consider supporting DSAF?

Presenting Sponsor: $10,000
Shooting Star: $5,000
Rising Star: $2,500
Gold Star: $1,000
Red Star: $500
Blue Star: $250

expanding the impact

Your support will create a positive vision of the future for people with Down syndrome all year long.

It takes a lot of teamwork and resources to create stars. DSAF depends on donations and fundraisers to provide programs and services and meet operational costs. It is only through the generosity of many individuals, corporations, and grants that DSAF is able to provide quality programs and services for individuals with Down syndrome and their families in Nebraska.

Nearly 85% of all funding goes directly to support the mission of DSAF serving the needs of Nebraska families. Join DSAF and help create a positive vision of the future for people with Down syndrome. Your dollars allow Nebraska families to gain essential resources as they support their loved one with Down syndrome from birth through adulthood.
